§ 1948.51 General.

This subpart sets forth policies and procedures for designation, approval of designation, and making grants for assistance to areas impacted by increased coal and uranium production, process-

ing, or transportation. The Farmers Home Administration (FmHA) or its successor agency under Public Law 103–354 will fully consider all A–95 clearing-house review comments and recommendations in selecting applications for funding. Any processing or servicing activity conducted pursuant to this subpart involving authorized assistance to FmHA or its successor agency under Public Law 103–354 employees, members of their families, known close relatives, or business or close personal associates, is subject to the provisions of subpart D of part 1900 of this chapter. Applicants for this assistance are required to identify any known relationship or association with an FmHA or its successor agency under Public Law 103–354 employee.

§ 1948.66 [Reserved]

§ 1948.67 Procedure for designation.

(a) Local governments may request the Governor of the State in which they are located to designate an area served by them as an energy impacted area.

(b) The Governor will define the geographic area of a designated area consistent with the nature of the impact and the socio-economic integration of the area.

(c) The Governor may designate an area as an energy impacted area based on the criteria contained in this subpart.

§ 1948.68 Criteria for designation.

(a) An area designated by the Governor must have the following characteristics:

(1) During the most recent calendar year, the eligible employment in coal or uranium development activities within the area has increased by eight percent or more from the preceding year, or such employment (as projected by generally acceptable estimates) will increase by eight percent (of the eligible employment in the year of the designation) or more per year during each of the next three calendar years.

(2) Because of increased employment in coal or uranium development activities, a shortage of housing, inadequate

public facilities, or services exists or will exist in the area. Such shortages or inadequacies may be demonstrated by: Housing shortage statistics; higher occupancy rates of substandard houses than has historically occurred within the area; an increase (for which data or projected data is available) in eligible employment from the year of the designation of at least 100 workers and one-half of one percent of the designated area's population; or data showing that available public facilities and services in the area are below generally accepted standards due to the increased demand resulting from coal and uranium development activities.

(3) Available State and local financial resources are inadequate to meet the public need for housing or public facilities and services at present or in the next three years. In making this determination the Governor should consider the following:

(i) State revenue increases resulting from coal and uranium development activity based on existing tax laws;

(ii) Federal funds transferred to the State for impact assistance;

(iii) Local revenue increases resulting from coal or uranium development activities based on existing tax laws;

(iv) Other federal financial assistance to which the area may have access;

(v) All other available State and local sources of funding;

(vi) The time during which the resources will be available;

(vii) Existing laws committing increases in State and local revenues and Federal transfers to purposes other than impact assistance; and

(viii) The estimated cost of development based on the best available informed judgment.

(b) Designations submitted to the Secretary of Energy for approval must have the following attached:

(1) A list of all counties and parts of counties covered by the designation;

(2) If the area is smaller than a county, a map showing the boundary of the area and the approximate location of all eligible employment facilities in the area and nearby;

(3) A written justification for the inclusion of an area if the area is smaller than a county;

(4) The level of eligible employment within the designated area for each of the two most recent calendar years. This data should be obtained from a single source for the entire State, if possible; special surveys may be used when the Governor determines that these more accurately reflect employment conditions within the designated area, or in cases where data from other sources for the most recent calendar year is unavailable at the time of designation. Reference should be made to the data sources used if it is a Federal source; if a non-Federal source is used, a copy of the source and a brief description of the procedures used for justification should be included. If projections of eligible employment are to be considered, projections of such employment for the next three years must be attached; identification of data sources and methodology used in developing those projections and a copy of any survey data used should be included.

(c) In areas where the impacted area covers counties or parts of counties located in more than one State, the Governors of the affected States may jointly designate such area and submit the designation to the Secretary of Energy for approval.

(d) After examining these factors and determining that the area meets the criteria of (a) above, the Governor may so certify in a letter bearing his or her signature and submit the letter of certification with all data and estimates upon which the designation is based to the Secretary of Energy for approval.

(e) Each designation submitted should have the name and phone number of a contact person in the Governor's designating office.

(f) An original and one copy of the designation should be submitted to the Secretary of Energy, Department of Energy, Mail Stop 8G-031, Forrestal Building, Washington, DC 20585.

(g) Two copies of all designations submitted for approval shall be submitted to the appropriate FmHA or its successor agency under Public Law 103-354 State Director. The FmHA or its successor agency under Public Law 103-354 State Director shall forward one copy to the Office of Area Development Assistance in the FmHA or its succes-

sor agency under Public Law 103-354 National Office.

(h) The Governor should designate all areas expected to be considered in fiscal year 1979 allocations of funds before July 1, 1979.

(b) Confer with FmHA or its successor agency under Public Law 103-354 on approval;

(c) Notify the Governor and the Administrator of FmHA or its successor agency under Public Law 103-354 of action taken on each designation within 30 calendar days of the receipt of a request for approval;

(d) Consult with the Governor before the disapproval of any designation; and

(e) Publish a description in the FEDERAL REGISTER of all designated areas approved within 30 days of their approval.

§ 1948.71 [Reserved]

(a) The report shall contain:

(1) Projected levels of employment in coal or uranium development activities within the approved designated area for the next three calendar years;

(2) The projected number of new jobs to be created in coal or uranium development activities by the person within the approved designated area in each of the following three calendar years;

(3) Current or planned actions of the person in relation to the provision of housing or public facilities for such person's employees in the next three calendar years;

(4) Contracts in force whereby the person intends to provide funds to State government, local governments, and public or private nonprofit organizations for the provision of housing or public facilities for such person's employees; and

(5) The projected quantity of coal or uranium to be produced, processed, or transported by the person in each of the next three years.

(b) The Governor requesting the report will notify the Secretary of Energy of persons from whom reports have been requested.

(c) The Secretary of Energy shall provide a copy of these reports to the Secretary of Agriculture, the appropriate Governor, and the appropriate county or local officials, and make it available for public inspection and copying in the public reading room of the Department of Energy, Room GA152, Forrestal Building, Washington, DC 20585.

(a) Applicants may submit a preapplication for a planning grant upon designation of the area as an energy impacted area by the Governor. FmHA or its successor agency under Public Law 103-354 will not take final action on the preapplication until the designation has been approved by the Secretary of Energy.

(b) The FmHA or its successor agency under Public Law 103-354 State Director shall be the approving officer on all grants made under this subpart.

(c) If at any time prior to grant approval it is decided that favorable action will not be taken on a preapplication or application, the FmHA or its successor agency under Public Law 103-354 State Director will notify the applicant in writing of the

(g) If the State Director approves the project, the following actions will be taken in the order listed:

(1) The State Director, or a designee, will telephone the Finance Office requesting that grant funds for a particular project be obligated. Immediately after contacting the Finance Office, the requesting official shall furnish the requesting office's security identification code. Failure to furnish the security code will result in the rejection of the request of obligation. After the security code is furnished, the required information from Form FmHA or its successor agency under Public Law 103-354 440-1 shall be furnished to the Finance Office. Upon receipt of the telephone request for obligation of funds, the Finance Office shall record all information necessary to process the request for obligation in addition to the date and time of request.

(2) The individual making the request shall record the date and time of the request.

(3) The Finance Office will notify the FmHA or its successor agency under Public Law 103-354 State Office by telephone when funds are reserved and the

date the funds will be obligated. If funds cannot be reserved for a project, the Finance Office will notify the FmHA or its successor agency under Public Law 103-354 State Office that funds are not available. The obligation date will be six working days from the date the request for obligation is processed.

(4) The Finance Office will send Form FmHA or its successor agency under Public Law 103-354 440-57, "Acknowledgement of Obligated Funds/Check Request," to the FmHA or its successor agency under Public Law 103-354 State Director, informing the State Director of the reservation of funds with the obligation date inserted as required by Item 9 on the Forms Manual Insert (FMI) for Form FmHA or its successor agency under Public Law 103-354 440-57.

(9) The actual date of applicant notification will be entered on the original of Form FmHA or its successor agency under Public Law 103-354 440-1 and the original of the form will be included as a permanent part of the file.

(10) For planning grants, Standard Form 270, "Request for Advance or Reimbursement," will be sent to the applicant for completion and return to FmHA or its successor agency under Public Law 103-354. FmHA or its successor agency under Public Law 103-354.

§ 1948.94 Reporting requirements.

(a) For planning grants, SF-270 shall be submitted by grantees on an as-needed basis but not more frequently than once every 30 days. SF-269, "Financial Status Report," and a project performance activity report will be required of all grantees on a quarterly basis. SF-269 and a final project performance report will also be required. These final reports may serve as the last quarterly reports. Grantees shall constantly monitor performance to en-

sure that time schedules are being met, projected work by time periods is being accomplished, and other performance objectives are being achieved. All grantees except States should submit an original of each report and one copy to the appropriate FmHA or its successor agency under Public Law 103-354 District Office. When the grantee is a State, an original should be submitted to the appropriate FmHA or its successor agency under Public Law 103-354 State Office. The project performance reports shall include, but need not be limited to the following:

(2) Reasons why established objectives were not met;

(3) Problems, delays, or adverse conditions which will materially affect attainment of planned project objectives, prevent the meeting of time schedules or objectives, or preclude the attainment of project work elements during established time periods. This disclosure shall be accompanied by a statement of the action taken or contemplated and any Federal assistance needed to resolve the situation; and

(4) Objectives established for the next reporting period.

(b) For site development and land acquisition grants, grantees shall submit Form SF-271 for payment of site development costs. Multiple advances will be made in accordance with FmHA Instruction 402.1 (available in any FmHA or its successor agency under Public Law 103-354 office) and will be made as needed to cover required disbursements for not less than 30 day periods. Advances will be requested for the next 30 day period by the grantee on Form SF-272, "Report of Federal Cash Transactions." Each payment estimate must be approved by the grantee. A final Form SF-272 will be submitted to FmHA or its successor agency under Public Law 103-354 to include the final advance not later than 90 days after the final advance.

§ 1948.95 Grant monitoring.

Each grant will be monitored by FmHA or its successor agency under Public Law 103-354 to ensure that the Grantee is complying with the terms of

the grant and that the project activities are completed as approved. This will involve on-site visits to the project area and review of quarterly and final reports by FmHA or its successor agency under Public Law 103-354.

§ 1948.96 Audit requirements.

(a) Audit requirements for Site Development and Acquisition Grants will be made in accordance with FmHA Instruction 1942-G.

(b) Audits for planning grants made in accordance with State statutes or regulatory agencies will be acceptable provided they are prepared in sufficient detail to permit FmHA or its successor agency under Public Law 103-354 to determine that grant funds have been used in compliance with the proposal, any applicable laws and regulations, and the grant agreement. A copy of the audit shall be submitted to the State Director as soon as possible but in no case later than 90 days following the period covered by the grant.

§ 1948.97 Grant closing and fund disbursement.

Grant closing and fund disbursement will be accomplished in accordance with FmHA Instruction 1942-G.

§ 1948.98 Grant agreements.

The following Grant Agreements are a part of this regulation.

(b) Exhibit B of this subpart is a Grant Agreement for Site Development and/or Site Acquisition for Housing and/or Public Facilities and/or Services.

§§ 1948.99-1948.100 [Reserved]

EXHIBIT A TO SUBPART B—GRANT AGREEMENT—GROWTH MANAGEMENT AND HOUSING PLANNING FOR APPROVED DESIGNATED ENERGY IMPACTED AREAS

This Agreement is between
(Name), _____
(Address), (Grantee) and the United States of America acting through the Farmers Home Administration (Grantor or FmHA) or its

successor agency under Public Law 103-354. Grantee has determined to undertake certain growth management and housing planning for energy impacted areas at an estimated cost of \$_____ and has duly authorized such planning. The Grantor agrees to grant to Grantee a sum not to exceed \$_____ subject to the terms and conditions established by the Grantor; provided, however, that any grant funds actually advanced and not needed for grant purposes shall be returned immediately to the Grantor. The Grantor may terminate the grant in whole, or in part, at any time before the date of completion, whenever it is determined that the Grantee has failed to comply with the conditions of the grant. In consideration of said grant by Grantor to Grantee, to be made pursuant to Section 601 of the Powerplant and Industrial Fuel Use Act of 1978 (Pub. L. 95-620) for the purpose only of defraying the planning costs as permitted by applicable Farmers Home Administration or its successor agency under Public Law 103-354 regulations:

Part A

Grantor and Grantee agree:

1. This agreement shall be effective when executed by both parties.

2. The scope of work set out below shall be completed prior to_____.

3. (a) Use of grant funds for travel which is determined as being necessary to the program for which the grant is established may be subject to the travel policies of the Grantee institution if they are uniformly applied regardless of the source of funds in determining the amounts and types of reimbursable travel expenses of Grantee staff and consultants. Where the Grantee institution does not have such specific policies uniformly applied, the Federal Travel Regulations shall apply in determining the amount charged to the grant. Grantee may purchase furniture and office equipment only if specifically approved in the scope of work. Approval will be given only when Grantee demonstrates that purchase is necessary and would result in less cost to the Government in providing Federal-share funds or to the Grantee in providing its contributions. Commercial purchase under these circumstances will be approved only after consideration of Federal supply sources.

(b) Expenses and Purchases Excluded:

(i) In no event shall the Grantee expend or request reimbursement from Federal-share funds for obligations entered into or for costs incurred or accrued prior to the effective date of this grant.

(ii) Funds budgeted under this grant may not be used for entertainment expenses.

(iii) Funds budgeted under this grant may not be used to pay for capital assets, the purchase of real estate or vehicles, improvement

and renovation of space, and repair and maintenance of privately-owned vehicles.

(c) Grant funds shall not be used to replace any financial support previously provided or assured from any other source. The Grantee agrees that the general level of expenditure by the Grantee for the benefit of program area and/or program covered by this agreement shall be maintained and not reduced as a result of the Federal share funds received under this grant.

4. (a) In accordance with Treasury Circular 1075, grant funds will be disbursed by the FmHA or its successor agency under Public Law 103-354 as cash advances on an as-needed basis not to exceed one advance every 30 days. The financial management system of the recipient organization shall provide for effective control over and accountability for all Federal funds as stated in OMB Circular A-102 revised for State and local governments.

(b) Cash advances to the Grantee shall be limited to the minimum amounts needed and shall be timed to be in accord only with the actual, immediate cash requirements of the Grantee in carrying out the purpose of the planning project.

(c) The timing and amount of cash advances shall be as close as is administratively feasible to the actual disbursements by the recipient organization for direct program costs.

(d) Federal funds should be promptly refunded to the FmHA or its successor agency under Public Law 103-354 and redrawn when needed if the funds are erroneously drawn in excess of immediate disbursement needs. The only exceptions to the requirement for prompt refunding are when the funds involved:

- (i) Will be disbursed by the recipient organization within seven calendar days, or
- (ii) Are less than \$10,000 and will be disbursed within 30 calendar days.

(e) Grantee shall provide satisfactory evidence to FmHA or its successor agency under Public Law 103-354 that all officers of Grantee organization authorized to receive and/or disburse Federal funds are covered by such bonding and/or insurance requirements as are normally required by the Grantee.

If for any reason grant funds are invested, income earned on such investment shall be identified as interest income on grant funds and forwarded to the Finance Office, FmHA or its successor agency under Public Law 103-354, St. Louis, Missouri, unless the Grantee is a State. "State" includes instrumentalities of a State but not political subdivisions of a State. A State Grantee is not accountable for interest earned on grant funds.

5. The Grantee will submit Performance and Financial reports as indicated below:

(a) As needed, but not more frequently than once every 30 days, an original and 2 copies of Standard Form 270, "Request for Advance or Reimbursement;"

(d) The Project Performance reports shall include but need not be limited to the following:

- (i) A comparison of actual accomplishment to the objectives established for that period;
- (ii) Reasons why established objectives were not met;
- (iii) Problems, delays, or adverse conditions which will materially affect attainment of planned project objectives, prevent the meeting of time schedules or objectives, or preclude the attainment of project work elements during established time periods. This disclosure shall be accompanied by a Statement of the action taken or contemplated and any Federal assistance needed to resolve the situation; and

This disclosure shall be accompanied by a statement of the action taken or contemplated, and any Grantor assistance needed to resolve the situation.

(ii) Favorable developments or events which enable meeting time schedules and

goals sooner than anticipated or producing more work units than originally projected.

Part B

Grantee agrees:

1. To comply with property management standards established by Attachment N of OMB Circular A-102 for expendable and non-expendable personal property. *Personal property* means property of any kind except real property. It may be tangible—having physical existence—or intangible—having no physical existence, such as patents, inventions, and copyrights. *Nonexpendable personal property* means tangible personal property having a useful life of more than one year and an acquisition cost of \$300 or more per unit. A Grantee may use its own definition of nonexpendable personal property provided that such definition would at least include all tangible personal property as defined above. "Expendable personal property" refers to all tangible personal property other than nonexpendable property. When non-expendable tangible property is acquired by a Grantee with project funds, title shall not be taken by the Federal Government but shall vest in the Grantee subject to the following conditions:

(a) Right to transfer title. For items of nonexpendable personal property having a unit acquisition cost of \$1,000 or more, FmHA or its successor agency under Public Law 103-354 may reserve the right to transfer the title to the Federal Government or to a third party named by the Federal Government when such third party is otherwise eligible under existing statutes. Such reservation shall be subject to the following standards:

(1) The property shall be appropriately identified in the grant or otherwise made known to the Grantee in writing.

(2) FmHA or its successor agency under Public Law 103-354 shall issue disposition instructions within 120 calendar days after the end of the Federal support of the project for which it was acquired. If FmHA or its successor agency under Public Law 103-354 fails

to issue disposition instructions within the 120 calendar day period, the Grantee shall apply the standards of paragraph (4) below.

(3) When FmHA or its successor agency under Public Law 103-354 exercises its right to take title, the personal property shall be subject to the provisions for federally owned nonexpendable property discussed in paragraph (4), below.

(4) When title is transferred either to the Federal Government or to a third party and the Grantee is instructed to ship the property elsewhere, the Grantee shall be reimbursed by the benefiting Federal agency with an amount which is computed by applying the percentage of the Grantee participation in the cost of the original grant project or program to the current fair market value of the property, plus any reasonable shipping or interim storage costs incurred.

(b) Use of other nontangible expendable property for which the Grantee has title.

(1) The Grantee shall use the property in the project or program for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When it is no longer needed for the original project or program, the Grantee shall use the property in connection with its other Federally sponsored activities, in the following order of priority:

(a) Activities sponsored by FmHA or its successor agency under Public Law 103-354.

(b) Activities sponsored by other Federal agencies.

(2) Shared use. During the time that nonexpendable personal property is held for use on the project or program for which it was acquired, the Grantee shall make it available for use on other projects or programs if such other use will not interfere with the work on the project or program for which the property was originally acquired. First preference for such other use shall be given to other projects or programs sponsored by FmHA or its successor agency under Public Law 103-354; second preference shall be given to projects or programs sponsored by other Federal agencies. If the property is owned by the Federal Government, use on other activities not sponsored by the Federal Government shall be permissible if authorized by FmHA or its successor agency under Public Law 103-354. User charges should be considered if appropriate.

(c) Disposition of other nonexpendable property. When the Grantee no longer needs the property as provided in 1(a)(4) above, the property may be used for other activities in accordance with the following standards:

(1) Nonexpendable property with a unit acquisition cost of less than \$1,000. The Grantee may use the property for other activities without reimbursement to the Federal Government or sell the property and retain the proceeds.

(2) Nonexpendable personal property with a unit acquisition cost of \$1,000 or more. The Grantee may retain the property for other use provided that compensation is made to FmHA or its successor agency under Public Law 103-354 or its successor. The amount of compensation shall be computed by applying the percentage of Federal participation in the cost of the original project or program to the current fair market value of the property. If the Grantee has no need for the property and the property has further use value, the Grantee shall request disposition instructions from the original Grantor agency.

FmHA or its successor agency under Public Law 103-354 shall determine whether the property can be used to meet the agency's requirements. If no requirement exists within that agency, the availability of the property shall be reported, in accordance with the guidelines of the Federal Property Management Regulations (FPMR), to the General Services Administration by FmHA or its successor agency under Public Law 103-354 to determine whether a requirement for the property exists in other Federal agencies. FmHA or its successor agency under Public Law 103-354 shall issue instructions to the Grantee no later than 120 days after the Grantee request and the following procedures shall govern:

(a) If so instructed or if disposition instructions are not issued within 120 calendar days after the Grantee's request, the Grantee shall sell the property and reimburse FmHA or its successor agency under Public Law 103-354 an amount computed by applying to the sales proceeds the percentage of Federal participation in the cost of the original project or program. However, the Grantee shall be permitted to deduct and retain from the Federal share \$100 or ten percent of the proceeds, whichever is greater, for the Grantee's selling and handling expenses.

(b) If the Grantee is instructed to dispose of the property other than as described in (1)(a)(4) above, the Grantee shall be reimbursed by FmHA or its successor agency under Public Law 103-354 for such costs incurred in its disposition.

(c) Property management standards for nonexpendable property. The Grantee's property management standards for nonexpendable personal property shall include the following procedural requirements:

(1) Property records shall be maintained accurately and shall include:

(a) A description of the property.

(b) Manufacturer's serial number, model number, Federal stock number, national stock number, or other identification number.

(c) Sources of the property including grant or other agreement number.

(d) Whether title vests in the Grantee or the Federal Government.

(e) Acquisition date (or date received, if the property was furnished by the Federal Government) and cost.

(f) Percentage (at the end of the budget year) of Federal participation in the cost of the project or program for which the property was acquired. (Not applicable to property furnished by the Federal Government.)

(g) Location, use and condition of the property and the date the information was reported.

(h) Unit acquisition cost.

(i) Ultimate disposition data, including date of disposal and sales price or the method used to determine current fair market value where a Grantee compensates the Federal agency for its share.

(2) Property owned by the Federal Government must be marked to indicate Federal ownership.

(3) A physical inventory of property shall be taken and the results reconciled with the property records at least once every two years. Any differences between quantities determined by the physical inspection and those shown in the accounting records shall be investigated to determine the causes of the difference. The Grantee shall, in connection with the inventory, verify the existence, current utilization, and continued need for the property.

(4) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft of nonexpendable property shall be investigated and fully documented; if the property was owned by the Federal Government, the Grantee shall promptly notify FmHA or its successor agency under Public Law 103-354.

(5) Adequate maintenance procedures shall be implemented to keep the property in good condition.

(6) Where the Grantee is authorized or required to sell the property, proper sales procedures shall be established which would provide for competition to the extent practicable and result in the highest possible return.

(7) Expendable personal property shall vest in the Grantee upon acquisition. If there is a residual inventory of such property exceeding \$1,000 in total aggregate fair market value, upon termination or completion of the grant and if the property is not needed for any other Federally sponsored project or program, the Grantee shall retain the property for use on nonfederally sponsored activities, or sell it, but must in either case compensate the Federal Government for its share. The amount of compensation shall be computed in the same manner as nonexpendable personal property.

2. To provide Financial Management Systems which will include:

(a) Accurate, current, and complete disclosure of the financial results of each grant.

Financial Reporting will be on an accrual basis.

(b) Records which identify adequately the source and application of funds for grant-supported activities. Those records shall contain information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.

(c) Effective control over and accountability for all funds, property, and other assets. Grantee shall adequately safeguard all such assets and shall assure that they are used solely for authorized purposes.

(d) Accounting records supported by source documentation.

(e) Provide an audit report prepared in sufficient detail to allow Grantor to determine that funds have been used in compliance with the proposal any applicable laws and regulations and this agreement.

3. To retain financial records, supporting documents, statistical records, and all other records pertinent to the grant for a period of at least three years after closing except that the records shall be retained beyond the three-year period if audit findings have not been resolved. Microfilm copies may be substituted in lieu of original records. The Grantor and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Grantee which are pertinent to the specific grant program for the purpose of making audit, examination, excerpts, and transcripts.

4. To provide information as requested by the Grantor to determine the need for and complete any necessary Environmental Impact Statements.

5. To provide information as requested by the Grantor concerning the Grantee's actions in soliciting citizen participation in the application process, including published notice of public meetings, actual public meetings held, and content of written comments received.

11. That, upon any default under its representations or agreements set forth in this instrument, Grantee, at the option and demand of Grantor, will, to the extent legally permissible, repay to the Grantor forthwith the original principal amount of the grant stated herein above, with interest at the rate of five per centum per annum from the date of the default. The provisions of this Grant Agreement may be enforced by Grantor, at its option and without regard to prior waivers by it of previous defaults of Grantee, by judicial proceedings to require specific performance of the terms of this Grant Agreement or by such other proceedings in law or equity, in either Federal or State courts, as may be deemed necessary by Grantor to assure compliance with the provisions of this Grant Agreement and the laws and regulations under which this grant is made.

12. That no member of Congress shall be admitted to any share or part of this grant or any benefit that may arise therefrom; but this provision shall not be construed to bar as a contractor under the grant a publicly held corporation whose ownership might include a member of Congress.

13. That all non-confidential information resulting from its activities shall be made available to the general public on an equal basis.

14. That the purpose and scope of work for which this grant is made shall not duplicate programs for which monies have been received, are committed, or are applied for from other sources, public and private.

15. That the Grantee shall relinquish any and all copyrights and/or privileges to the materials developed under this grant, such material being the sole property of the Federal Government. In the event anything developed under this grant is published in whole or in part, the material shall contain notice and be identified by language to the following effect: "The material is the result of tax-supported research and as such is not copyrightable. (b) Termination for convenience. The Grantor agency or Grantee may terminate grants in whole, or in part, when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial terminations, the portion to be terminated. The Grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. EXHIBIT B TO SUBPART B—GRANT AGREEMENT (PUBLIC BODIES) FOR SITE DEVELOPMENT AND/OR SITE ACQUISITION FOR HOUSING AND/OR PUBLIC FACILITIES AND/OR SERVICES

This agreement dated _____, 19__, between _____ a public body corporate organized and operating under _____ (Authorizing State Statute)

Herein called "Grantee," and the United States of America acting through the Farmers Home Administration or its successor agency under Public Law 103-354, Department of Agriculture, herein called "Grantor," Witnesseth:

Grantee has determined to undertake a project for site acquisition and/or site development as follows: _____ (herein called project) to serve the approved designated energy impacted area under its jurisdiction at an estimated cost of \$_____, and has duly authorized the undertaking of such project;

Grantee is able to finance not more than \$_____ of the site acquisition and/or site development costs through revenues, charges, taxes or assessments, or funds otherwise available to Grantee. Said sum has been committed to and by Grantee for such project acquisition and/or site development costs.

The Grantor agrees to grant to Grantee a sum not to exceed \$_____ subject to the terms and conditions established by the Grantor. Provided, however, that the proportionate share of any grant funds actually advanced and not needed for grant purposes shall be returned immediately to the Grantor. The Grantor may terminate the grant in whole, or in part, at any time before the date of completion, whenever it is determined that the Grantee has failed to comply with the conditions of the grant.

In consideration of said grant by Grantor to Grantee, to be made pursuant to Section 601 of the Powerplant and Industrial Fuel Use Act of 1978 (Pub. L. 95-620) for the purpose only of defraying a part of the acquisition and/or site development costs, as defined by applicable Farmers Home Administration or its successor agency under Public Law 103-354 regulations:

Grantee agrees that Grantee will:

1. Cause said project to be completed within the total sums available to it, including said grant, in accordance with the project plans and specifications and any necessary modifications thereof prepared by Grantee and approved by Grantor.

2. Permit periodic inspection of the project by a representative of Grantor.

3. Make the housing or public facility or services available to all persons in Grantee's service area without regard to race, color, national origin, religion, sex, marital status, age, physical or mental handicap.

4. Use the real property including land and land improvements for authorized purposes of the grant as long as needed.

a. The Grantee shall obtain approval of the Grantor before using the real property for other purposes when the Grantee determines that the property is no longer for the original purposes.

b. When the real property is no longer needed as provided above, return all real property furnished or purchased wholly with Federal grant funds to the Grantor. In the case of property purchased in part with Federal grant funds, the Grantee may be permitted to take title to the Federal interest therein upon compensating the Federal Government for its fair share of the property. The Federal share of the property shall be the amount computed by applying the percentage of the Federal Participation in the total cost of the grant program for which the property was acquired to the current fair market value of the property.

5. Not use grant funds to replace any financial support previously provided or assured from any other source. The Grantee agrees that the general level of expenditure by the Grantee for the benefit of program area and/or program covered by this agreement shall be maintained and not reduced as a result of the Federal share funds received under this grant.

6. Not use grant funds to pay for construction costs of housing or public facilities.

This Grant Agreement covers the following described real property (use continuation sheets as necessary).

7. Abide by the following conditions pertaining to nonexpendable personal property which is furnished by the Grantor or acquired wholly or in part with Grant Funds.

a. The Grantee shall retain such property as long as there is a need for the property to accomplish the purpose of the grant. When there is no longer a need for the property to accomplish the purpose of the grant, the Grantee shall use the property in connection with other Federal grants it has received in the following order of priority.

(1) Other grant of the Grantor needing the property.

(2) Grants of other Federal agencies needing the property.

b. When the Grantee no longer has need for the property in any of its Federal grant programs, the property may be used for its own official activities in accordance with the following standards:

(1) Nonexpendable property with an acquisition cost of less than \$500 and used four years or more. The Grantee may use the property for its own official activities without reimbursement to the Federal Government or sell the property and retain the proceeds.

(2) All other nonexpendable property. The Grantee may retain the property for its own use provided that a fair compensation is made to the Grantor. The amount of compensation shall be computed by applying the percentage of the Grantor participation in the grant program to the current fair market value of the property as determined by the Grantor.

c. If the Grantee has no need for the property, disposition shall be made as follows:

(1) Nonexpendable property with an acquisition cost of \$1,000 or less. Except for that property which meets the criteria of b(1) above, the Grantee shall sell the property and reimburse the Grantor an amount which is computed in accordance with (3) below.

(2) Nonexpendable property with an acquisition cost of over \$1,000. The Grantee shall request disposition instructions from Grantor.

(3) If disposition instructions are not issued within 120 days after reporting, the Grantee shall sell the property and reimburse the Grantor an amount which is computed by applying the percentage of the Grantor participation in the grant program to the sales proceeds. Further, the Grantee shall be permitted to retain \$100 or ten percent of the proceeds, whichever is greater, for the Grantee's selling and handling expenses.

d. The Grantee's property management standards for nonexpendable personal property shall also include:

(1) Property records which accurately provide for: a description of the property; manufacturer's serial number or other identification number; acquisition date and cost; sources of the property; and ultimate disposition data including sales price or the method used to determine current fair market value if the Grantee reimburses the Grantor for its share.

(2) A physical inventory of property shall be taken and the result reconciled with the property records at least once every two years to verify the existence, current utilization, and continued need for the property.

(3) A control system shall be in effect to insure adequate safeguards to prevent loss, damage, or theft to the property shall be investigated and fully documented.

(4) Adequate maintenance procedures shall be implemented to keep the property in good condition.

(5) Proper sales procedures shall be established for unneeded property which would provide for competition to the extent practicable and result in the highest possible return.

This Grant Agreement covers the following described nonexpendable property (use continuation sheets as necessary).

8. Provide Financial Management Systems which will include:

(a) Accurate, current, and complete disclosure of the financial results of each grant. Financial Reporting will be on an accrual basis.

(b) Records which identify adequately the source and application of funds for grant-supporting activities. Those records shall contain information pertaining to grant awards and authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.

(c) Effective control over and accountability for all funds, property and other assets. Grantees shall adequately safeguard all such assets and shall assure that they are used solely for authorized purposes.

(d) Accounting records supported by source documentation.

9. Retain financial records, supporting documents, statistical records, and all other records pertinent to the grant for a period of at least three years after grant closing except that the records shall be retained beyond the three-year period if audit findings have not been resolved. Microfilm copies may be substituted in lieu of original records. The Grantor and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the Grantee governments which are pertinent to the specific grant program for the purpose of making audit, examination, excerpts and transcripts.

10. Provide information as requested by the Grantor to determine the need for and complete any necessary Environmental Impact Statements.

11. Provide an audit report prepared in sufficient detail to allow the Grantor to determine that funds have been used in compliance with the proposal, any applicable laws and regulations and this agreement.

12. Agree to account for and to return to Grantor interest earned on grant funds pending their disbursement for program purposes when the Grantee is a unit of local government. States and agencies of instrumentalities of states shall not be held accountable for interest earned on grant funds pending their disbursement.

13. Not encumber, transfer, or dispose of the property or any part thereof, furnished

by the Grantor or acquired wholly or in part with Grantor funds without the written consent of the Grantor except as provided in item 5 above.

14. Provide Grantor with such periodic reports as it may require and permit periodic inspection of its operations by a designated representative of the Grantor.

15. Execute Form FHA 400-1, "Equal Opportunity Agreement," Form FHA 400-4, "Non-discrimination Agreement," and any other agreements required by Grantor to implement the civil rights requirements. If any such form has been executed by Grantee as a result of a loan being made to Grantee by Grantor contemporaneously with the making of this grant, another form of the same type need not be executed in connection with this grant.

16. Include in all contracts for construction or repair a provision for compliance with the Copeland "Anti-Kick Back" Act (18 USC 874) as supplemented in Department of Labor regulations (29 CFR, part 3). The Grantee shall report all suspected or reported violations to the Grantor.

17. In Contracts in excess of \$2,000 and in other contracts in excess of \$2,500 which involve the employment of mechanics or laborers, to include a provision for compliance with sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 USC 327-330) as supplemented by Department of Labor regulations (29 CFR, part 5).

18. Include in all contracts in excess of \$2,500 a provision for compliance with applicable regulations and standards of the Cost of Living Council in establishing wages and prices. Grantee shall report any violations of such regulation and standards to the Grantor and the local Internal Revenue Service field office.

20. Upon any default under its representations or agreements set forth in this instrument, Grantee, at the option and the demand of Grantor, will, to the extent legally permissible, repay to Grantor forthwith the original principal amount of the grant stated hereinabove, with interest at the rate of five per centum per annum from the date of the default. The provisions of this Grant Agreement may be enforced by Grantor at its option and without regard to prior waivers by it of previous defaults of Grantee, by judicial proceedings to require specific performance of the terms of this Grant Agreement or by such other proceedings in law or equity, in either Federal or State courts, as may be deemed necessary by Grantor to assure compliance with the provisions of this Grant

Agreement and the laws and regulations under which this grant is made.

21. That no member of Congress shall be admitted to any share or part of this grant or any benefit that may arise therefrom; but this provision shall not be construed to bar as a contractor under the grant a publicly held corporation whose ownership might include a member of Congress.

22. That all non-confidential information resulting from its activities shall be made available to the general public on an equal basis.

23. That the purpose and scope of work for which this grant is made shall not duplicate programs for which monies have been received are committed, or are applied for from other sources, public and private.

(b) Termination for convenience. The Grantor agency or Grantee may terminate grants in whole, or in part, when both parties agree that the continuation of the project would not produce beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial terminations, the portion to be terminated. The Grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The Grantor agency shall allow full credit to the Grantee for the Federal share of the noncancelable obligations, properly incurred by the Grantee prior to termination.

Grantor agrees that it will:

The provisions of this subpart supersede conflicting provisions of any other subpart. The serv-

icing and liquidation of such loans will be in accordance with subpart R of part 1951 of this chapter. Any processing or servicing activity conducted pursuant to this subpart involving authorized assistance to FmHA or its successor agency under Public Law 103-354 employees, members of their families, known close relatives, or business or close personal associates, is subject to the provisions of subpart D of part 1900 of this chapter. Applicants for this assistance are required to identify any known relationship or association with an FmHA or its successor agency under Public Law 103-354 employee.

(b) The purpose of the program is to finance business facilities and community development projects in rural areas. This purpose is achieved through loans made by FmHA or its successor agency under Public Law 103-354 to intermediaries that establish programs for the purpose of providing loans to ultimate recipients for business facilities and community development in a rural area.

(c) The loan program is administered by the FmHA or its successor agency under Public Law 103-354 National Office. The Director, Business and Industry Division, is the point of contact for processing activities unless otherwise delegated by the Administrator.

(5) For assistance to government employees, military personnel, or principals or employees of the intermediary who are directors, officers or have major ownership (20 percent or more) in the ultimate recipient.

(6) For relending in a city with a population of twenty-five thousand or more as determined by the latest decennial census.

(7) For a loan to an ultimate recipient which has an application pending or has received a loan from another intermediary unless FmHA or its successor agency under Public Law 103-354 provides prior written approval for such loan.

(8) For any line of credit.

(9) To finance more than 75 percent of the total cost of a project by the ultimate recipient. The total amount of FmHA or its successor agency under Public Law 103-354 loan funds requested by the ultimate recipient plus the total outstanding balance of any existing loans from IRP funds will not exceed \$150,000. Other loans, grants, and/or intermediary or ultimate recipient contributions or funds from other sources must be used to make up the difference between the total cost and the assistance provided by FmHA or its successor agency under Public Law 103-354.

(b) *Ultimate recipients.* Ultimate recipients may *not* use assistance received from intermediaries involving FmHA or its successor agency under Public Law 103-354 funds:

(1) For agricultural production, which means the cultivation, production (growing), harvesting, either directly or through integrated operations, of agricultural products (crops, animals, birds and marine life, either for fiber or food for human consumption, and disposal or marketing thereof, the raising, housing, feeding, breeding, hatching, control and/or management of farm and domestic animals). Exceptions to this definition are:

(i) Aquaculture as identified under eligible purposes.

(ii) Commercial nurseries primarily engaged in the production of ornamental plants and trees and other nursery products such as bulbs, florists' greens, flowers, shrubbery, flower and vegetable seeds, sod, the growing of vegetables from seed to the transplant stage.

(iii) Forestry, which includes establishments primarily engaged in the operation of timber tracts, tree farms, forest nurseries, and related activities such as reforestation.

(iv) Financial assistance for livestock and poultry processing as identified under eligible purposes.

(v) The growing of mushrooms or hydroponics.

(2) For the transfer of ownership unless the loan will keep the business from closing, or prevent the loss of employment opportunities in the area, or provide expanded job opportunities.

(3) For community antenna television services or facilities.

(4) For any legitimate business activity when more than 10 percent of the annual gross revenue is derived from legalized gambling activity.

(5) For any illegal activity.

(6) For any otherwise eligible project that is in violation of either a Federal, State or local environmental protection law or regulation or an enforceable land use restriction unless the financial assistance required will result in curing or removing the violation.

(7) For any hotels, recreation, or amusement centers.

(8) For any tourist, recreation, or amusement centers.

§ 1948.111 Terms of loans to intermediaries.

(a) No loans to intermediaries shall be extended for a period exceeding 30 years. Principal payments on these loans will be made at least annually. The initial principal payment may be deferred (during the period before the facility becomes income producing) by FmHA or its successor agency under Public Law 103-354, but not more than 3 years.

(b) The terms of loan repayment to intermediaries will be those stipulated in the loan agreement and/or promissory note, as agreed to and executed by

FmHA or its successor agency under Public Law 103-354 and intermediaries.

§ 1948.112 Interest rates.

(a) Loans made by FmHA or its successor agency under Public Law 103-354 pursuant to this subpart shall bear interest at a fixed rate of one percent (1%) per annum over the term of the loan.

(b) Interest rates charged by intermediaries to ultimate recipients shall be negotiated by those parties. Intermediaries are encouraged to make loans at the lowest possible rate, taking into account the cost of the loan funds to the intermediary and the cost of administering the loan portfolio.

(c) Interest income, service fees, and other authorized financing charges received by intermediaries operating relending programs may be used to pay for: The costs of administering the IRP, the provision of technical assistance to borrowers, the absorption of bad debts associated with IRP loans, and repayment of debt. Proposed budgets to cover the administrative costs of intermediaries must be submitted annually to FmHA or its successor agency under Public Law 103-354. All proceeds in excess of those needed to cover authorized expenses, as described above, must revolve back into the IRP and be available for relending to eligible ultimate recipients.

§ 1948.113 Security.

(a) *Loans to intermediaries.* Unless otherwise approved by FmHA or its successor agency under Public Law 103-354, security for the FmHA or its successor agency under Public Law 103-354 loan will be separate and apart from security for other loans for which the intermediary is either maker or payee. Security for all loans to intermediaries must be such that the repayment of the loan is reasonably assured, when considered along with the intermediary's financial condition, work plan, and management ability. It is the responsibility of the intermediary to make loans to ultimate recipients in such a manner that will fully protect the interests of the intermediary and the Government.

(1) Security for such loans may include but is not limited to:

(i) Any realty, personalty, or intangibles capable of being mortgaged, pledged, or otherwise encumbered by the intermediary in favor of FmHA or its successor agency under Public Law 103-354; and

(ii) Any realty, personalty, or intangibles capable of being mortgaged, pledged, or otherwise encumbered by an ultimate recipient in favor of FmHA or its successor agency under Public Law 103-354.

(2) Security will normally consist of a lien on the IRP revolving fund. FmHA or its successor agency under Public Law 103-354 will obtain assignments of security pledged by ultimate recipients including an assignment of the promissory notes given by the ultimate recipients and take possession of the promissory notes. Normally, the assignments will not be filed in the public records. They will be held by FmHA or its successor agency under Public Law 103-354 and may be filed at the sole discretion of FmHA or its successor agency under Public Law 103-354, if FmHA or its successor agency under Public Law 103-354 determines the filing is necessary to protect the Government's interest.

(b) *Loans from intermediaries to ultimate recipients.* Security requirements for loans from intermediaries to ultimate recipients will be negotiated between the intermediaries and ultimate recipients.

(c) *Additional security.* The FmHA or its successor agency under Public Law 103-354 may require additional security at any time during the term of a loan to an intermediary if, after review and monitoring, an assessment indicates the need for such security to protect the Government's interest.

(d) *Appraisals for security for all loans to intermediaries and for loans to ultimate recipients serving as security for loans to intermediaries.* Real property serving as security will be appraised by a qualified appraiser. For all other types of property, a valuation shall be made using any recognized, standard technique for the type of property involved (including standard reference manuals), and this valuation shall be described in the loan file.

[53 FR 30647, Aug. 15, 1988, as amended at 56 FR 13068, Mar. 29, 1991]

§ 1948.114 Conflict of interest.

The intermediary will, for each proposed loan to an ultimate recipient, inform FmHA or its successor agency under Public Law 103-354 in writing and furnish such additional evidence as FmHA or its successor agency under Public Law 103-354 requests as to whether and the extent to which the intermediary or its principal officers (including immediate family) hold any legal or financial interest or influence in the ultimate recipient, or the ultimate recipient or any of its principal officers (including immediate family) holds any legal or financial interest or influence in the intermediary. FmHA or its successor agency under Public Law 103-354 shall determine whether such ownership, influence or financial interest is sufficient to create a potential conflict of interest. In the event FmHA or its successor agency under Public Law 103-354 determines there is a conflict of interest, the intermediary's assistance to the ultimate recipient will not be approved until such conflict is eliminated.

§ 1948.115 Post award requirements.

(a) Intermediaries receiving loans under this program shall be governed by these regulations, the Loan Agreement, the approved work plan, security interests, and any other conditions which the FmHA or its successor agency under Public Law 103-354 may impose in awarding a loan. Prior to making a loan commitment to an ultimate recipient, the intermediary must receive FmHA or its successor agency under Public Law 103-354's concurrence in the proposed use of loan funds outlined in § 1948.128 of this subpart.

(b) Unless otherwise specifically agreed to in writing by the FmHA or its successor agency under Public Law 103-354, any loan funds held by an intermediary and any funds obtained from loaning FmHA or its successor agency under Public Law 103-354-derived funds and recollecting them, that are not immediately needed by the intermediary for an ultimate recipient, should be deposited in an interest bearing account in a bank or other financial institution which will be covered by a form of federal deposit insurance.

Any interest or income earned as a result of such deposits shall be used by the intermediary only for purposes authorized by FmHA or its successor agency under Public Law 103-354.

§1948.116 Fees and charges.

(a) *Late payment charges.* Unpaid principal or interest on the loan to the intermediary will be handled as specified in the Loan Agreements attached as exhibit II to these regulations. Late payment charges on a loan to an ultimate recipient may be made when a loan payment has not been received within the customary timeframe allowed as agreed upon by the ultimate recipient and intermediary. The term *payment received* means that the payment in cash or check, money order, or similar medium has been received by the intermediary at its designated place of payment.

(b) *Documentation of fees.* All fees and charges must be specifically documented and justified on Form FmHA 1948-1, "Application for Loan (Intermediary Relending Program)," or on an addendum to the application at the time the loan request is submitted to FmHA or its successor agency under Public Law 103-354 for processing. Allowable fees will be those reasonably and customarily charged intermediaries in similar circumstances in the ordinary course of business and are subject to FmHA or its successor agency under Public Law 103-354 review and concurrence.

(c) *Eligible packagers and payment of fees.* Packaging fees include services rendered by others in connection with preparation of the application and seeing the transaction through to final decision. These services may or may not be performed by an investment banker. If an investment banker provides needed assistance in addition to the packaging of the loan, additional charges may be added to the packaging fee. The maximum allowable packaging fees are 2 percent of the total principal amount. Packaging fees, investment banker fees, and any other fees and charges not specifically provided for in this section are permitted subject to FmHA or its successor agency under Public Law 103-354 review and written approval.

§1948.117 Other regulatory requirements.

(a) *Intergovernmental consultation.* The Intermediary Relending Program is subject to the provisions of Executive Order 12372 which requires intergovernmental consultation with State and local officials. The approval of a loan to an intermediary will be the subject to intergovernmental consultation. For each ultimate recipient to be assisted with a loan under this subpart and for which the State in which the ultimate recipient is to be located has elected to review the program under their intergovernmental review process, the State Point of Contact must be notified. Notification, in the form of a project description, can be initiated by the intermediary or the ultimate recipient. Any comments from the State must be included with the intermediary's request to use the FmHA or its successor agency under Public Law 103-354 loan funds for the ultimate recipient. Prior to FmHA or its successor agency under Public Law 103-354's decision on the request, compliance with the requirements of intergovernmental consultation must be demonstrated for each ultimate recipient. These requirements should be carried out in accordance with FmHA Instruction 1940-J, "Intergovernmental Review of Farmers Home Administration or its successor agency under Public Law 103-354 Programs and Activities," available in any FmHA or its successor agency under Public Law 103-354 office.

(b) *Environmental requirements.* (1) Unless specifically modified by this section, the requirements of subpart G of part 1940 of this chapter apply to this subpart. FmHA or its successor agency under Public Law 103-354 will give particular emphasis to ensuring compliance with the environmental policies contained in §§1940.303 and 1940.304 in subpart G of part 1940 of this chapter. Intermediaries and ultimate recipients of loans must consider the potential environmental impacts of their projects at the earliest planning stages and develop plans to minimize the potential to adversely impact the environment.

(2) As part of the intermediary's application for a loan, the intermediary must provide a completed Form FmHA

1940-20, "Request for Environmental Information," for each Class I or Class II project specifically identified in its plan submitted with its loan application. FmHA or its successor agency under Public Law 103-354 will review the application, supporting materials, and any required Forms FmHA 1940-20, and initiate a Class II environmental assessment for the application. This assessment will focus on the potential cumulative impacts of the projects as well as any environmental concerns or problems that are associated with individual projects and that can be identified at this time from the information submitted. Because neither the completion of the environmental assessment nor the approval of the application is an FmHA or its successor agency under Public Law 103-354 commitment to the use of loan funds for a specific project, no public notification requirements for a Class II assessment will apply to the application. The affected public has not been sufficiently identified at this stage of the FmHA or its successor agency under Public Law 103-354 review. Should an application be approved, each project to be assessed will undergo the applicable environmental review and public notification requirements in subpart G of part 1940 of this chapter prior to FmHA or its successor agency under Public Law 103-354's consent to use loan funds for an ultimate recipient. FmHA or its successor agency under Public Law 103-354 will prepare an Environmental Impact Statement for any application for a loan determined to have a significant effect on the quality of the human environment. Both the intermediary and the ultimate recipient will cooperate and furnish such information and assistance as FmHA or its successor agency under Public Law 103-354 needs to make any of its environmental determinations.

(3) As part of the intermediary's request to FmHA or its successor agency under Public Law 103-354 for concurrence to make a loan to an ultimate recipient, the intermediary will include for the ultimate recipient a properly completed Form FmHA 1940-20, if it is classified as a Class I or Class II action. FmHA or its successor agency under Public Law 103-354 will complete the

environmental review required by subpart G of part 1940 of this chapter. The results of this review will be used by FmHA or its successor agency under Public Law 103-354 in making its decision on the request.

(c) *Equal opportunity and non-discrimination requirements.* (1) In accordance with title V of Pub. L. 93-495, the Equal Credit Opportunity Act, neither the intermediary nor FmHA or its successor agency under Public Law 103-354 will discriminate against any applicant on the basis of race, color, religion, national origin, age, physical or mental handicap (provided that the applicant has the capacity to enter into a binding contract), sex or marital status with respect to any aspect of a credit transaction anytime FmHA or its successor agency under Public Law 103-354 loan funds are involved.

(2) The regulations contained in part 1901, subpart E of this chapter apply to loans made under this program.

(3) The Administrator will assure that equal opportunity and non-discrimination requirements are met in accordance with title VI of the Civil Rights Act of 1964, "Nondiscrimination in Federally Assisted Programs," 42 U.S.C. 2000d-2000d-4. If there is indication of noncompliance with these requirements, such facts will be reported in writing to the Administrator, ATTN: Equal Opportunity Officer.

(d) *Seismic safety of new building construction.* (1) The Intermediary Relending Program is subject to the provisions of Executive Order 12699 that requires each Federal agency assisting in the financing, through Federal grants or loans, or guaranteeing the financing, through loan or mortgage insurance programs, of newly constructed buildings to assure appropriate consideration of seismic safety.

(2) All new buildings shall be designed and constructed in accordance with the seismic provisions of one of the following model building codes or the latest edition of that code providing an equivalent level of safety to that contained in the latest edition of the National Earthquake Hazard Reduction Program's (NEHRP) Recommended Provisions for the Development of Seismic Regulations for New Building (NEHRP Provisions):

(i) 1991 International Conference of Building Officials (ICBO) Uniform Building Code;

(ii) 1993 Building Officials and Code Administrators International, Inc. (BOCA) National Building Code; or

(iii) 1992 Amendments to the Southern Building Code Congress International (SBCCI) Standard Building Code.

(3) The date, signature, and seal of a registered architect or engineer and the identification and date of the model building code on the plans and specifications will be evidence of compliance with the seismic requirements of the appropriate building code.

[53 FR 35984, June 19, 1979, as amended at 61 FR 65156, Dec. 11, 1996]

§ 1948.118 Loan agreements between FmHA or its successor agency under Public Law 103-354 and the intermediary.

A loan agreement must be executed by the intermediary and FmHA or its successor agency under Public Law 103-354 at loan closing for each loan. The loan agreement will be prepared by FmHA or its successor agency under Public Law 103-354 and reviewed by OGC prior to the loan closing. Part 1948, subpart C, exhibit II (available from the FmHA or its successor agency under Public Law 103-354 National Office or any FmHA or its successor agency under Public Law 103-354 State Office), may be used as a guide. The loan agreement, as a minimum, must contain the following provisions:

(a) The loan agreement will set out:

(1) The amount of the loan.

(2) The interest rate.

(3) The term and repayment schedule.

(4) The provisions for late charges. The intermediary shall pay a late charge of 4 percent of the payment due of principal and/or interest if payment for either of these is not received within 15 calendar days following the due date. The late charge shall be considered unpaid if not received within 30 calendar days of the missed due date for which it was imposed. Any unpaid late charge shall be added to principal and be due as an extra payment at the end of the term. Acceptance of a late charge by FmHA or its successor agen-

cy under Public Law 103-354 does not constitute a waiver of default.

(5) Disbursement procedure. Disbursement of loan funds by FmHA or its successor agency under Public Law 103-354 to the intermediary shall take place after the loan agreement and promissory note are executed, and any other conditions precedent to disbursement of funds are fully satisfied. The intermediary may draw down only such funds as are necessary to cover a 30-day period in implementing its approved work program. Advances will be requested by the intermediary in writing. The intermediary may use Form FmHA 440-11, "Estimate of Funds Needed for 30-Day Period Commencing _____," to show the amount of funds needed during the 30-day period." The date of such drawdown shall constitute the date the funds are advanced under the loan agreement for purposes of computing interest payments.

(6) Provisions regarding default. On the occurrence of any event of default, FmHA or its successor agency under Public Law 103-354 may declare all or any portion of the debt and interest to be immediately due and payable and may proceed to enforce its rights under the loan agreement or any other instruments securing or relating to the loan and in accordance with the applicable law and regulations. Any of the following may be regarded as an "event of default" in the sole discretion of the FmHA or its successor agency under Public Law 103-354:

(i) Failure of the intermediary to carry out or comply with the specific activities in its loan application as approved by FmHA or its successor agency under Public Law 103-354, or loan terms and conditions, or any terms or conditions of the loan agreement, or any applicable Federal or State laws, or with such USDA or FmHA or its successor agency under Public Law 103-354 regulations as may become generally applicable at any time.

(ii) Failure of the intermediary to pay within 15 calendar days of its due date any installment of principal or interest on its promissory note to FmHA or its successor agency under Public Law 103-354.

(iii) The occurrence of:

(A) The intermediary's becoming insolvent, or ceasing, being unable, or admitting in writing its inability to pay its debts as they mature, or making a general assignment for the benefit of, or entering into any composition or arrangement with creditors;

(B) Proceedings for the appointment of a receiver, trustee or liquidator of the intermediary, or of a substantial part of its assets, being authorized or instituted by or against it.

(iv) Submission or making of any report, statement, warranty, or representation by the intermediary or agent on its behalf to USDA or FmHA or its successor agency under Public Law 103-354 in connection with the financial assistance awarded hereunder which is false, incomplete or incorrect in any material respect.

(v) Failure of the intermediary to remedy any material adverse change in its financial or other condition (such as the representational character of its board of directors or policymaking body) arising since the date of FmHA or its successor agency under Public Law 103-354's award of assistance hereunder, which condition was an inducement to FmHA or its successor agency under Public Law 103-354's original award.

(7) *Insurance requirements.* (i) Hazard insurance with a standard mortgage clause naming the intermediary as beneficiary will be required by the intermediary on every ultimate recipient's project in an amount that is at least the lesser of the depreciated replacement value of the property being insured or the amount of the loan. Hazard insurance includes fire, windstorm, lightning, hail, business interruption, explosion, riot, civil commotion, aircraft, vehicle, marine, smoke, builder's risk, public liability, property damage, flood or mudslide, or any other hazard insurance that may be required to protect the security. The intermediary's interest in the insurance will be assigned to the FmHA or its successor agency under Public Law 103-354.

(ii) Ordinarily, life insurance, which may be decreasing term insurance, is required for the principals and key employees of the ultimate recipient and will be assigned or pledged to the intermediary and subsequently to FmHA or

its successor agency under Public Law 103-354. A schedule of life insurance available for the benefit of the loan will be included as part of the application.

(iii) Workmen's compensation insurance on ultimate recipients is required in accordance with State law.

(iv) The intermediary is responsible for determining if an ultimate recipient is located in a special flood or mudslide hazard area anytime FmHA or its successor agency under Public Law 103-354 loan funds are involved. If the ultimate recipient is in a flood or mudslide area, then flood or mudslide insurance must be provided in accordance with subpart B of part 1806 of this chapter (FmHA Instruction 426.2).

(v) Intermediaries will provide fidelity bond coverage for all persons who have access to intermediary funds. Coverage may be provided either for all individual positions or persons, or through "blanket" coverage providing protection for all appropriate employees and/or officials. FmHA or its successor agency under Public Law 103-354 may also require the intermediary to carry other appropriate insurance, such as public liability, workers compensation, and/or property damage.

(A) The amount of fidelity bond coverage required by FmHA or its successor agency under Public Law 103-354 will normally approximate the total annual debt service requirements for the FmHA or its successor agency under Public Law 103-354 loans.

(B) Form FmHA 440-24, "Position Fidelity Schedule Bond Declarations," may be used. Similar forms may be used if determined acceptable to FmHA or its successor agency under Public Law 103-354. Other types of coverage may be considered acceptable if it is determined by FmHA or its successor agency under Public Law 103-354 that they fulfill essentially the same purpose as a fidelity bond.

(C) Applicants must provide evidence of adequate fidelity bond and other appropriate insurance coverage by loan closing. Adequate coverage in accordance with this section must then be maintained for the life of the loan. It is the responsibility of the intermediary and not that of FmHA or its successor

agency under Public Law 103-354 to assure and provide evidence that adequate coverage is maintained. This may consist of a listing of policies and coverage amounts in annual reports required by paragraph (b)(4) of this section, or other documentation.

(8) *Authority to operate.* The loan agreement will provide that the intermediary has permission and authority to collect on all notes given to it, service all loans it makes, and manage the relending program as if FmHA or its successor agency under Public Law 103-354 had not taken assignments on security pledged by ultimate recipients. It is the responsibility of the intermediary to make and service loans to ultimate recipients in such a manner that will fully protect the interests of the intermediary and the Government. After an event of default by the intermediary, FmHA or its successor agency under Public Law 103-354 may terminate this permission and authority by providing the intermediary with written notice.

(b) The intermediary will agree:

(1) Not to make any changes in the intermediary's articles of incorporation, charter, or by-laws without the concurrence of FmHA or its successor agency under Public Law 103-354.

(2) Not to make a loan commitment to an ultimate recipient without first receiving FmHA or its successor agency under Public Law 103-354's written concurrence in the proposed use of loan funds.

(3) To maintain a separate ledger and segregated account for IRP funds.

(4) To FmHA or its successor agency under Public Law 103-354 reporting requirements on the intermediary by providing:

(i) An annual audit; dates of audit report period need not necessarily coincide with other reports on the IRP. Audits shall be due 90 days following the audit period. Audits must cover all of the intermediary's activities. Audits will be performed by an independent certified public accountant or by an independent public accountant licensed and certified on or before December 31, 1970, by a regulatory authority of a State or other political subdivision of the United States. An acceptable audit will be performed in accordance with

generally accepted auditing standards and include such tests of the accounting records as the auditor considers necessary in order to express an opinion on the financial condition of the intermediary. FmHA or its successor agency under Public Law 103-354 does not require an unqualified audit opinion as a result of the audit. Compilations or reviews do not satisfy the audit requirement.

(ii) Quarterly reports for periods ending March 31, June 30, September 30, and December 31 (due 30 days after the end of the period). FmHA or its successor agency under Public Law 103-354 at its option may change this requirement to semiannual reports. These reports shall contain information only on the IRP loan funds, or if other funds are included, the IRP loan program portion shall be segregated from the others; and in the case where the intermediary has more than one IRP loan, from FmHA or its successor agency under Public Law 103-354, a separate report shall be made for each of these IRP loans. The reports will include:

(A) Form FmHA 1951-4, "Report of IRP/RDLF Lending Activity" (available in the FmHA or its successor agency under Public Law 103-354 National Office). This report will include information on the intermediary's lending activity, income and expenses, and financial condition and a summary of names and characteristics of the ultimate recipients the intermediary has financed.

(B) Project Progress Review Narrative

(iii) An annual report on the extent to which increased employment, income and ownership opportunities are provided to low-income persons, for each loan made by such intermediary.

(iv) Proposed budget for the following year.

(v) Other reports as FmHA or its successor agency under Public Law 103-354 may require from time to time.

(5) Before the first relending of FmHA or its successor agency under Public Law 103-354 funds to the ultimate recipient, to obtain written FmHA or its successor agency under Public Law 103-354 approval of:

(i) All forms to be used for relending purposes, including application forms,

loan agreements, promissory notes, and security instruments.

(ii) Intermediary's policy with regard to the amount and form of security to be required.

(6) To obtain approval of FmHA or its successor agency under Public Law 103-354 before making any major changes in forms or policy.

(7) To secure the indebtedness by pledging its portfolio of investments derived from the proceeds of the loan award, including providing assignments to FmHA or its successor agency under Public Law 103-354 of security pledged by ultimate recipients including the promissory notes of ultimate recipients and transferring possession to FmHA or its successor agency under Public Law 103-354 of promissory notes given by ultimate recipients, and/or pledging its real and personal property, and other rights and interests as FmHA or its successor agency under Public Law 103-354 may require.

(8) To provide additional security and execute any additional lien instruments as FmHA or its successor agency under Public Law 103-354 may require at any time during the term of the loan if, after review and monitoring, an assessment indicates the need for such security to protect the Government's interest.

[53 FR 30647, Aug. 15, 1988, as amended at 55 FR 38533, Sept. 19, 1990; 56 FR 13069, Mar. 29, 1991]

§§ 1948.119–1948.121 [Reserved]

§ 1948.122 Application.

An application will consist of:

(a) Form FmHA 1948-1, "Application For Loan (Intermediary Relending Program)."

(b) A written work plan and other evidence FmHA or its successor agency under Public Law 103-354 requires to demonstrate the feasibility of the intermediary's program to meet the objectives of this program. The plan must, at a minimum:

(1) Document the intermediary's ability to administer an Intermediary Relending Program in accordance with the provisions of this subpart. In order to adequately demonstrate the ability to administer the program, the intermediary must provide a complete list-

ing of all personnel responsible for administering this program along with a statement of their qualifications and experience. The personnel may be either members or employees of the intermediary's organization or contract personnel hired for this purpose. If the personnel are to be contracted for, the contract between the intermediary and the entity providing such service will be submitted for FmHA or its successor agency under Public Law 103-354's review and the terms of the contract and its duration must be sufficient to adequately service the FmHA or its successor agency under Public Law 103-354 loan through to its ultimate conclusion. If FmHA or its successor agency under Public Law 103-354 determines the personnel lack the necessary expertise to administer the program, the loan request will not be approved.

(2) Document the intermediary's ability to commit financial resources under the control of the intermediary to the establishment of an Intermediary Relending Program. This should include a statement of the source(s) of non-FmHA or its successor agency under Public Law 103-354 funds for administration of the intermediary's operations and financial assistance for projects.

(3) Include a proposal for adequately securing the FmHA or its successor agency under Public Law 103-354 loan. The proposal should specifically address those items of security outlined in § 1948.113 of this subpart.

(4) Include a detailed statement of the proposed use of FmHA or its successor agency under Public Law 103-354 loan funds. This should include an outline of what will constitute project eligibility for financial assistance the intermediary will make available to ultimate recipients.

(5) Demonstrate a need for loan funds. As a minimum, the intermediary should identify a sufficient number of proposed and known ultimate recipients it has on hand to justify FmHA or its successor agency under Public Law 103-354 funding of its loan request.

(6) Include a list of proposed fees and other charges it will assess the ultimate recipients it funds.

(7) Demonstrate to FmHA or its successor agency under Public Law 103-354's satisfaction that the intermediary has secured commitments of significant financial support from public agencies and private organizations.

(8) Provide evidence to FmHA or its successor agency under Public Law 103-354's satisfaction that the intermediary has a proven record of obtaining private and/or philanthropic funds for the operation of similar programs to the one contained in this subsection.

(9) Include the intermediary's plan (specific loan purposes) for relending the loan funds. Any changes in project cost, source of funds, project scope, or any other significant changes in the project of intermediary must be reported to and approved by FmHA or its successor agency under Public Law 103-354 by written amendment to this letter. Any changes not approved by FmHA or its successor agency under Public Law 103-354 shall be cause for discontinuing processing of the application.

This letter is not to be considered as loan approval or as representation to the availability of funds. The docket may be completed on the basis of a loan not to exceed \$_____.

The intermediary must certify at loan closing that since FmHA or its successor agency under Public Law 103-354's issuance of the letter of conditions there has been no material adverse change(s) in its financial condition nor any other material adverse change in the intermediary.

The loan will be considered approved on the date a signed copy of Form FmHA 1940-1, "Request for Obligation of Funds," is mailed to you.

Please complete and return the attached Form FmHA 1942-46, "Letter of Intent to Meet Conditions," if you desire that further consideration be given your application.

If the conditions set forth in this letter are not met within _____ days from the date hereof, FmHA or its successor agency under Public Law 103-354 reserves the right to discontinue the processing of the application. The intermediary will be notified, in writing, by the Administrator or designee of any such discontinuances.

(d) Immediately after reviewing the conditions and requirements in the letter of conditions, the intermediary should complete, sign and return the Form FmHA 422-46 to the FmHA or its successor agency under Public Law 103-354 Administrator. If certain conditions cannot be met, the borrower may propose alternate conditions to FmHA or its successor agency under Public Law 103-354. If there have been adverse changes, they must be explained by the intermediary. They may be waived, at the sole discretion of FmHA or its successor agency under Public Law 103-354. Financial data must not be more than 60 days old at loan closing.

(c) FmHA or its successor agency under Public Law 103-354 personnel shall not sign any documents other than those specifically provided for in this subpart.

(d) The National Office will review any requests for changes to the letter of conditions. Changes in legal entities or where tax considerations are the reason for change will not be approved.

(e) At loan closing the intermediary will provide sufficient evidence to enable FmHA or its successor agency under Public Law 103-354 to ascertain that no claim or liens of laborers, materialmen, contractors, subcontractors, suppliers of machinery and equipment, or other parties are against the security of the intermediary, and that no suits are pending or threatened that would adversely affect the security of the intermediary when the security instruments are filed.
